PROJECT WORK

Project Preparation

Led interdisciplinary teams to prepare urban projects for approval by the ADB Board of Directors. Works include the following:

Project Preparation and Startup Facility, Viet Nam (2011-2012). Prepared a facility to provide pooled funds to prepare project feasibility studies and detailed designs for infrastructure projects.

Thanh Hoa City Comprehensive Socio-Economic Development Project, Viet Nam (2007-2008). Prepared a project to develop infrastructure investments (roads, drainage, wastewater and drainage) and capacity building for urban management for Thanh Hoa city, co-financed with Korea EximBank.

Viet Nam Central Region Small and Medium Towns Development Project (2006-2007). Developed infrastructure (water supply and sanitation, solid waste management, environmental management and capacity building programs) for 6 towns in Viet Nam's central region.

Expanding Benefits to the Poor through Urban Environmental Improvements, Viet Nam (2004). Development mechanisms to generate income generation for the poor through construction-related skills training and urban environmental improvements in Quang Nam province, Viet Nam.

Solid Waste Management and Income Generation for Vientiane's Poor (2003). Established community-based solid waste management systems in 15 villages, improve sanitation conditions, and generate income for the poor in Vientiane.

Project Administration

Led interdisciplinary teams to administer and implement projects and ensure compliance with ADB operational procedures, safeguard compliance and due diligence. Works include the following:

GMS East-West Economic Corridors Sustainable Agriculture Infrastructure Sector Development Project (2018-2020). Agriculture infrastructure development and community development in the provinces of Saravan and Savannakhet provinces, Lao PDR.

Urban Water Supply Project, Lao PDR (2018-2020). Oversight for water supply and sanitation services expansion and development and capacity building for local water supply authorities in 11 provincial towns.

Provincial Roads Improvement Project, Cambodia (2015-2017). Rehabilitation of 283 km of provincial roads in Prey Veng, Svay Rieng, Kampong Chhnang and Kampong Speu provinces.

Trade Facilitation: Improving Sanitary and Phytosanitary Handling in the GMS, Cambodia (2013-2016). Improvement of Cambodia's ability to ensure safer, more efficiently produced and trade produce in greater quantities through improved surveillance, inspection and handling for plant health, animal health and food safety and awareness of the importance of sanitary and phytosanitary handling.

Greater Mekong Subregion Southern Economic Corridor Towns Development Project, Cambodia (2012-2015). Urban infrastructure development for 4 towns along Cambodia's southern corridor.

Small Towns Development Sector Project, Lao PDR (2004-2008). Developed essential urban infrastructure improvements, improve service delivery, and build local capacity in 10 small towns in Lao PDR.

Vientiane Urban Infrastructure and Services, Lao PDR (2003-2007). Infrastructure improvements and capacity building for urban management for Vientiane city.

Secondary Towns Urban Development Project, Lao PDR (2002-2004). Infrastructure development (water supply and sanitation, solid waste management, environmental management and capacity building programs for 4 secondary towns in Lao PDR.

Community-based Environmental Improvements in Phnom Penh (2002-2005). Improvement of the urban environment, income generation, and community-based infrastructure improvements for poor neighborhoods; assisted in setting up fee-based solid waste collection systems in poor communities and training activities for waste pickers.

Project Completion Reports

Ho Chi Minh City Environmental Improvements, Loan 1702-VIE (completed and circulated to the Board 23 September 2008).

Vientiane Urban Infrastructure and Services Project, Loan 1834-LAO (completed and circulated to the Board 23 July 2008).

Rural, Urban, and Subregional Linkages in the Mekong Region: A Holistic Approach to Development and Poverty Reduction, RETA 6121 (completed and circulated to the Board June 2007).

Planning for Sustainable Urbanization, 3645-THA (completed and circulated to the Board June 2006).

Secondary Towns Development Project, 1525-LAO (completed and circulated to the Board October 2005).

Community Environmental Health Improvements for the Provincial Towns, TA 2376-VIE (completed and circulated to the Board December 2005).

Capacity Building for Provincial Water Supply and Sanitation Planning and Management, TA 2375-VIE (completed and circulated to the Board December 2005).

Provincial Towns Water Supply and Sanitation Project, 1681-VIE (completed and circulated to the Board December 2005).
